If a carrier is delinquent for a registration payment and it is determined that the carrier has made a late registration payment at any time within the previous three (3) year period, effective July 1, 2005, installment privileges for the registration payments will be revoked immediately, the carrier will be required to pay their remaining registration balance in full, and the carrier will not be eligible for installment payments for their registration for the following year.

- **It is the carrier's responsibility** to provide the Motor Carrier Division with their current mailing address at the time of renewal each year, and to provide address changes timely, so registration packets and invoices can be sent to the carrier via the United States Postal Service. If the carrier does not receive the invoice and/or registration information timely, **it is the carrier's responsibility** to call and request the registration and/or payment information so there is adequate time to file the information and/or make the payment before the due date. Upon receiving a request for information, the Motor Carrier Division may provide the information via fax, mail, or over the phone.
- **It is the carrier's responsibility** to ensure that the postmark cancellation date is prior to the due date of the registration payment if the payment is being mailed to the Motor Carrier Division.

A schedule of registration/fuel payment and filing dates is provided above for convenience.

*Renewals and supporting renewal paperwork must be postmarked on or before **December 1, 2007**. Failure to submit the renewal paperwork by December 1, 2007 could subject you to penalties, interest, possible sanctions and loss of installment privileges. Renewals with missing required paperwork, appropriate documentation or signature will be considered incomplete and assessed penalties.
